グランスト戦記の世界

Record of Grandstreet War

Story

The two biggest leagues on the continent, the Holyland Union and the Factory Alliance, was using a political wedding to become one. To complete the Grand Crest, a symbol of order necessary for everlasting peace, but both the aristocrats were killed, and war erupted throughout the land. In the middle of that strife was a talented student from the magic academy Shiruka, having caught the eyes of "exiled lord" level Villar, she was sent to become his contract mage. On her way to Alauda (former Miller government), Shiruka was surrounded by soldiers with hostility toward Villar... that she was "saved" by a lord Theo.

To answer Theo's strong will when he passed her test, Shiruka had him to the place of the lord who tried to attack her and take away both his crest and territory.
